| Details | <p>1989 Atlas Copco 126xn This is a complete rig with only 392 Engine hrs and 1533 Percussion hrs set up with COP1032 Drifter and Deutz F4L912W engine and is sold with a set of hard copy manuals. Last ran on 1000 volt about 12 months ago and currently runs well on diesel tramming and positioning and is a versatile small rig with split feed, & narrow carrier (1.3m wide x 2.3m high). This rig has at times been used as a long hole rig and is a great potential for diamond drill conversion while it will need work to front end prior to going into operation to fix feed extension cylinder leaks, boom positioning valve leaks. Package of spare parts also available for purchase to successful bidder. This unit is offered for sale via online auction on an "As Is Where Is" basis running to drive on to buyers transport ex Bendigo, Victoria, Australia.</p> | | | | |
